PROFESSIONAL EXPERIENCE

BETHANY CHRISTIAN SERVICES

February 2024 - June 2026

Senior Director of Design

My role evolved and expanded to encompass all of my previous responsibilities, while also incorporating data visualization and reporting. I worked with and led the internal team on Power BI projects, infographics, and static reporting.

BETHANY CHRISTIAN SERVICES

September 2019 - February 2024

Creative Director

My team consists of creative and print production staff. In year one, I managed a budget that saved 25% in cost reductions. Implemented Agile marketing methodologies, digital asset management, and project management software and created efficiencies that improved staff morale, design quality, and overall productivity.

ZONDERVAN

February 2013 - September 2019

Senior Lead Web Designer

Created and led the design process in content-driven and e-commerce websites, iOS apps, large divisional email campaigns, and landing pages while emphasizing responsive and user-focused design. Also worked with various marketing verticals to provide key deliverables for multiple marketing campaigns to drive revenue.

ACCIDENT FUND

January 2009 - February 2013

Graphic Designer

Led and managed projects from initial design to final production. Participated in brainstorming for strategic communications development, assisted with scheduling and cost budgeting, estimating projects, and provided proof of concepts for data visualizations, company Intranet, and other major marketing initiatives.

IDV SOLUTIONS

UI Designer

September 2006 - October 2008

Designed and coded e-newsletters; developed logos and branding; created various print, Web, and Flash designs; produced demonstration videos for Web use; constructed proofs of concept for clients. Worked on UX for our flagship software and custom client projects.
